SPECTRUM

TIME

THEME

oh time,

something i have
plenty of

table of contents

time/theme 2

learning/mugs 14

teaching/faculty 32

life/activities 52

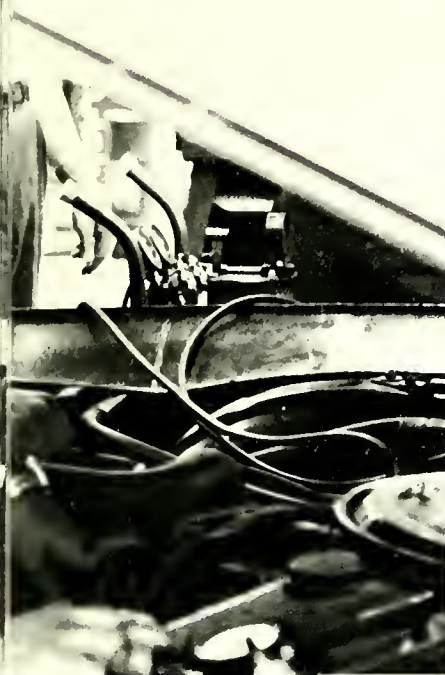

i've
time
to
live,
laugh,
cry
and
to
love.

these things
i've never
seen

i'm
just
a
boy

one day
i'll realize
all the
joy

i'll know
the pain
and grief,
i'll be a man.

i'll know the
good times
and
understand

that i've

no time to live at all.

jim hunter

Our Man Clodfelter

This Is Your Life

If things get all in a muss
 Call on our local "genius"
 Around him things are never dull
 He's R.T.I.'s principal
 Occasionally he'll spend a nickel
 Over something called George Dickel
 Then he'll sip like a lout
 Till his hands all break out
 When you see him coming let him pass
 He's on his way to run out of gas.

And when all the kidding has ended, you'll find him still working, encouraging, helping. He's that kind of person, eager to help—always cheerful and devoted to people.

We the Class of '76, with deep devotion dedicate this addition of the "Spectrum" to our friend—Vernon Clodfelter.

DEDICATION

dedication

Administration

the President

Office of

C. Merrill Hamilton, President Rowan Technical Institute

Mr. C. Merrill Hamilton began with Rowan Tech in 1962 as Director when the school was an Industrial Education Center. In 1963 he opened the first building of 44,000 sq. feet where the first full-time students enrolled in seven pre-employment curriculums.

Under President Hamilton's guidance, Rowan Tech has grown to include 27 diploma and associate degree programs and a multiplicity of special interest, short term, and adult courses. The campus currently consists of beautiful modern buildings with the finest equipment situated on magnificently landscaped grounds. The enrollment in 1975 approached 1900 curriculum students and 2500 continuing education students.

President Hamilton's accomplishments at Rowan Tech are only a part of the total, for he has also rendered valuable services to area civic and service organization. His activities are always exemplified by warmth and feeling.

Mrs. Frances Caudle, Secretary, Office of the President

Office of the Dean of

Occupational

Education

Joel M. Freeman, Dean of Occupational Education

FACULTY

Far Left: Jerry Wilkes, an English Instructor appears to be busy at work after a hard day in class.

Above: Boykin Williams, who instructs Business Administration, confers with a student concerning semester grades.

Mid Left: His favorite pipe in hand, Ja-Cy Thomas relaxes after a hard day on the job. He is Chairman of the Dept. of Business Education.

Bottom Left: Book in hand, Larry Wright instructs his electronics class.

Far Right: What a smile! Gary Watkins, Program Head in English really knows how to pose for a photographer.

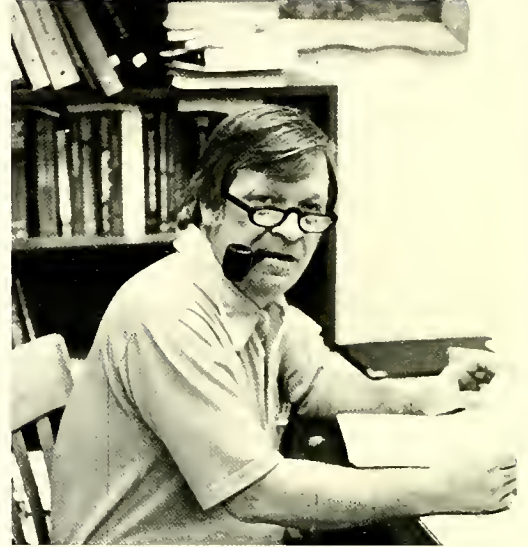

IN

ACTION

Far Left: Raymond Sale, Dept. Chairman, Fire and Safety watches very attentively as a group of students perform a safety exercise.

Mid Top Left: Harry Rogers, Program Head, Marketing and Retailing, appears to be really hard at work with a report due in several hours to the President.

Mid Bottom Left: Program Head, Welding Trade, Mr. Hilton Swindell pauses between classes to have a picture taken.

Left: Very large in stature, Vohn Peeler, Program Head—EIM, has no problem convincing students that they get the grade that they deserve!

Above: Biology and Chemistry are her bag, grading papers are too, but pretty Cathey Newsome enjoys it.

Below: Kenneth Mullis, an Instructor in Drafting and Design, chats with Mr. Grady Lloyd concerning a problem that he is having.

Right: Jimmie Melton, Program Head-Dental Assistant Program, was prepared when the picture man visited her office.

Bottom Right: Virginia Odom, an instructor in Secretarial Science, enters the building on her way to class.

Above: Bob Poole, Program Head-Drafting and Design Program, watches a student diligently at work at a tough quiz.

Below: Jearidean Mills, ADN instructor prepares for an up and coming class.

Below: Ervin McCulloch, left, Chairman of Electronics Dept. and Billy Hill, right an electronics instructor appear to be discussing some problems that are current in their department.
Right: Cernal Lowman, Program Head-Machinist, smiles thinking of all the progress that his students have made.

“a teacher affects eternity; he can
never tell where his influence
stops”
henry adams

Left: Robert McCollum, Program Head—Industrial Health and Safety is busy at work averaging grades.
Below: Marylyn Koontz, Program Head—Radiologic Technology, pauses after a hard class.
For Below: Ruth Hope, Program Head—PNE always has a smile on her face. Especially when the quarter is about over.

Below: Doris Gibbs, an English instructor, stops to think about the up and coming summer and those cool mountains of WCU and summer school.

Below Bottom: Carol Hess, Program Head—Secretarial Science, is busy at evaluation of tests given recently by her to her students.

Below Right: Raymond Gilbert who is Dept. Chairman—General Studies and Dennis Hinz, an instructor in Related Trades discuss a problem that all technical institutes face today, that of becoming overcrowded.

Left: Vida Germany, an instructor in English is at ease with one of her classes.

Below: There appears to be a pow-wow as Becky Ham-mill, Dept. Chairman—Childhood Education, Marlene Anthony, Instructor of Early Childhood, and Vivian Brown, also an instructor of Early Childhood convene in Becky's office after class.

2 ▲

3 ▲

4 ▲

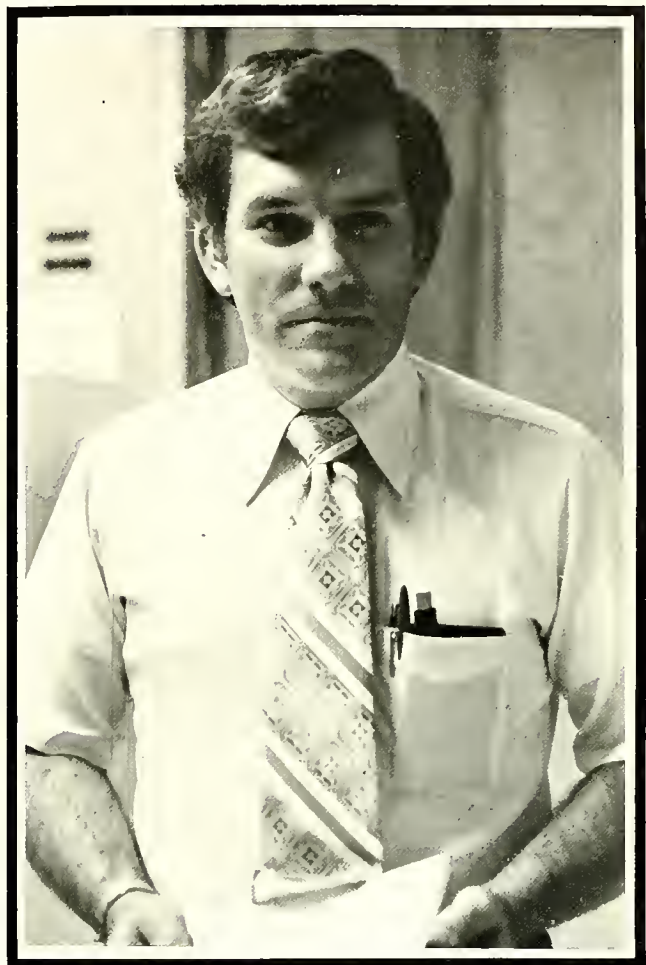

5 ▲

▲ 6

1. Charles Benson, an Instructor of Physical Sciences, proudly displays a new adopted workbook.
2. Being Program Head of Electronics Technology is not an easy task for Eugene Earnhardt, he has to teach classes too!
3. George Evans, Dept. Chairman--Trade Education demonstrates some newly purchased equipment.
4. Wayne Flora is Program Head--Fire Science.
5. Phyllis Daugherty spends many hours at the typewriter during the year, but this is one of the duties that comes with being an instructor in ADN.
6. Fire Science instructor Larry Dixon takes a moment out of his busy day so the yearbook photographer won't get fired.

Far Left: Glenna Cowherd looked very busy at work when the yearbook photographer came around. Glenna is Chairman of the Dept. of Health Occupations.

Top Left: James DeBerry is an Instructor in Business Administration.

Bottom Left: Linda Wooten Data Processing Technician, discusses with Vernon Clodfelter, Program Head—Electronic Data Processing, some of the work load that they soon will be facing.

Upper Left: Vernon Eanes is Program Head—AHR. He is discussing some problems with a student concerning equipment.

Bottom Left: Ruth Ball spends many hours at this desk preparing for her classes she teaches in the ADN program.

Above: Lanny Craven is an instructor in Related Trade Programs.

ROWAN TECH

WELCOMES

NEW BUILDINGS,

LONG AWAIT

BUT REMAINS

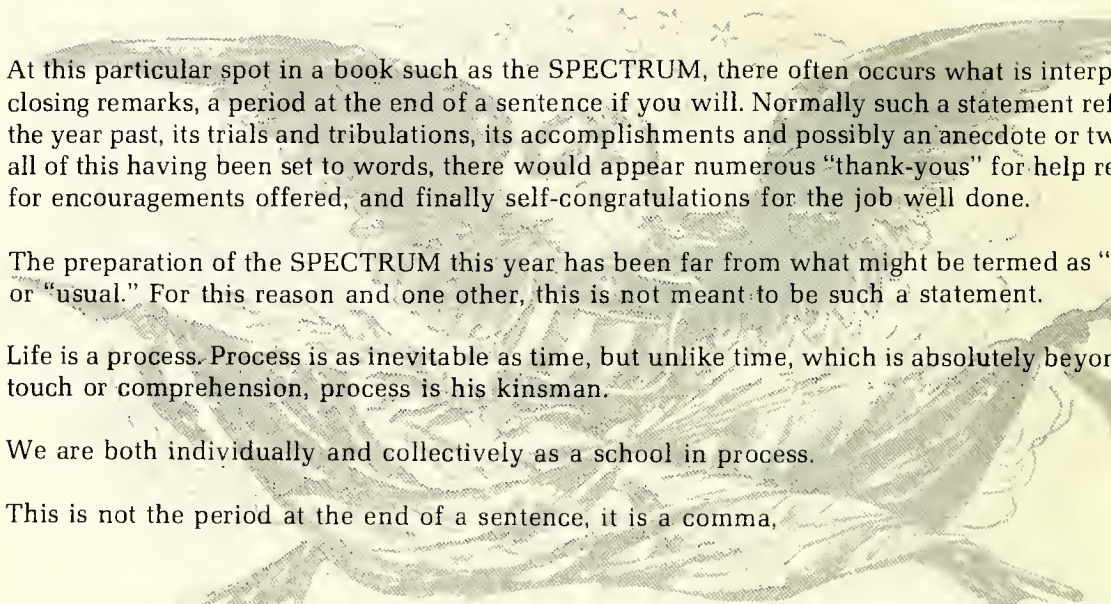

ED SPACE,

SAME GRE

AT SCHOOL

At this particular spot in a book such as the SPECTRUM, there often occurs what is interpreted as closing remarks, a period at the end of a sentence if you will. Normally such a statement reflects on the year past, its trials and tribulations, its accomplishments and possibly an anecdote or two. Then all of this having been set to words, there would appear numerous "thank-yous" for help rendered, for encouragements offered, and finally self-congratulations for the job well done.

The preparation of the SPECTRUM this year has been far from what might be termed as "normal" or "usual." For this reason and one other, this is not meant to be such a statement.

Life is a process. Process is as inevitable as time, but unlike time, which is absolutely beyond man's touch or comprehension, process is his kinsman.

We are both individually and collectively as a school in process.

This is not the period at the end of a sentence, it is a comma,

**SPECIFICATIONS FOR
THE 1976 SPECTRUM**

PRINTING—Herff Jones
Yearbooks; Mr. Lanny
Pigg representative
250 Copies
70 Pages
7¼ X 10½ Trim

PAPER—Bordeaux Special,
Enamel, 80 Pound

END SHEETS—HJ Grey
40 Pound.

COVER—120 point binders
board, with silver foil

applied to art. Artwork
thanks to Mr. Reg Boland and
Ms. Tony Beaver.

COPY—Melior type face using
10 point justified body copy
8 point justified captions
18 point subheadlines, and
30 point headlines.

CLASS PHOTOGRAPHY—Holyfield
Studios, Winston-Salem, N.C.

DIVISION PAGES—Credit to
TIME, TEACHING, LIFE, LEARNING
Magazines for use of their logos
on the division pages.
